

Perspicontrol Max

dietary supplement

30 tablets + 10 tablets free of charge

Perspicontrol Max is a dietary supplement containing plant extracts to aid in maintaining a healthy perspiration process.

They contribute to the inhibition of excessive perspiration.

- **Sage** - contributes to the normalisation and inhibition of excessive perspiration. It helps to protect cells and tissues from oxidative damage.
- **Field horsetail** - has diuretic properties and thus supports secretory functions of the kidneys.
- **Nettle** - promotes the elimination of water from the body and supports the immune system.
- **Balm** - facilitates relaxation and helps to protect against oxidative stress. It aids in keeping a positive mood.

Ingredients: Sage leaf extract; filling agent: microcrystalline cellulose; nettle herb extract; field horsetail extract; balm extract; anti-caking agent: magnesium stearate and silicon dioxide; glazing agent: hydroxypropyl methylcellulose; filling agent: polydextrose; colourant: titanium dioxide; glazing agent: polyethylene glycol; anti-caking agent: talc.
